Awards Booklet 2015-2016

The 2015-2016 Awards Booklet has finally been released. There has been minor changes this year to make the awards criteria easier to understand, hopefully leading to more applications.

For the Individual awards…

-Clarification had been added to distinguish between Officer and Member Awards by adding a short summary to distinguish between the 2 types of individual awards.

-Member awards (distinguished fresh-senior) will only be awarded to **one** person per grade level per school (4 distinguished members per school) and this had been bolded on the award.

-Changes to who can sign off on awards-now club president can sign off on all individual awards, except the Lieutenant Governor has to sign on President Award. Key Club or Kiwanis Adivisor signature is required-the same as last year.

For the Club Awards…

-Public Relations Award had been revised from a chart format to a list format and now includes "bulletin board display" as another way for clubs to earn points on this award. This award must be mailed to me, except for the promotional video.

-Technology award has been revised to include the Lieutenant Governor's website (if applicable).

For the Non-Application Awards…

-The Greatest Donation Increase per Member Award for the Eliminate Project has been dropped and will no longer be an award.

-The Eliminate Project Donation Form has been updated to the form that International uses for donations

For the Miscellaneous Awards…

-The Oratorical Application has been updated with the 2016 topic

-The Outstanding Faculty, Outstanding Kiwanis Advisor and Sandy Nininger Award descriptions have been revised to emphasize that these awards are a "once in a lifetime opportunity" and applicants who already received the award may not receive it twice
